## GREAT LOSS OF LIFE AT PUEBLO, COLO.

Heavy Rains Caused Great Loss of Life and Property Damage Is Ten Million

(By Associated Press)  
Pueblo, Colo., June 4.—The loss of life in the flood here is variously estimated at from 1,500 to 3,000, and the property loss will exceed ten million dollars.

Denver, Colo., June 4.—Continued heavy rains in Eastern and Central Colorado, gave little hope of relief from the floods which swept those sections. Meager reports indicate losses running into the millions of dollars with the heaviest damage at Pueblo where a large part of the business section and several residential districts have been inundated from the Arkansas river waters. The known loss of life is four. Pueblo early today was cut off from wire communication. Private news dispatches placed the loss there at four million dollars. The first information there had been loss of life at Pueblo in a flood was received here today. One report from railroad sources said there had been considerable loss of life and property, while a telegram to the Denver Times contained a statement that hundreds of lives had been lost. The Times announced it could not verify the report.

Newspaper men here familiar with the location of the district where the loss of life is said to have occurred are skeptical about it. It is pointed out that many hills are near where the people might take refuge. Pueblo is without electric light, power or water pressure, according to Western Union reports. Other reports said fires started by lightning are burning various parts of the city.

This will be good news to those who have been attending the carnival, and the crowds are growing larger each night.

## NELSON WARD BUYS MOTOR BOAT

Engineer Nelson Ward is full of enthusiasm over a recent trip made from Cincinnati by boat down the Kentucky River, and is telling his friends of the wonderful trip. He was accompanied by Messrs. Baum McKinney who acted as pilot, and Bernard Anderson, who proved himself an excellent cook. Mr. Ward went down to the Queen City about two weeks ago and went out to see the Ohio Boat Club, where he purchased a 22-foot motor boat, which he has christened "Lou-wetta." In making the trip several points were taken in including Carrollton, Frankfort, High Bridge, Chimney Rock, and other stops, and were very successful in their fishing expeditions made along the way. The trip from Cincinnati to Idle Hour Camp at Clay's Ferry was made in less than three days which is considered good time. Mr. Ward is planning many interesting trips in his boat this summer.

## HOT BATTING RACE ON IN AMERICAN

(By Associated Press)

Chicago, June 4.—The American League batting race has developed into one of the tightest in many years with Harry Heilmann, of Detroit, leading, and Ty Cobb, Tris Speaker, and George Sisler, last year's champion, setting a terrific pace which daily promises to put any one of them ahead of the Detroit outfielder.

Heilmann's average, including games of Wednesday, is .435, ten points better than a week ago. Cobb and Speaker follow, each with a mark of .408. Sisler has hit better than any of them in recent games and in the past four weeks has boosted his average more than 150 points. His mark now is .404 against .375 a week ago. The St. Louis first baseman has hit safely seventeen times during the last week.

Babe Ruth continues to pole out home runs, getting his fifteenth of the season during the past week and incidentally established a new record for total home runs with 118. Cravath held the old mark of 117. His batting average is falling off, however, and he has a mark of .338 as against a mark of .315 a week ago.

Other leading batters: Seaver, St. Louis, .392; Williams, St. Louis, .375; Tobin, St. Louis, .357; Stephen, Cleveland, .350; Gharriy, Washington, .352; R. Jones, Detroit, .348. The figures are for batters who have played 25 or more games.

In the National League, Rogers Hornsby, St. Louis, continues in a slight slump which gradually is pulling his average down, but he still holds the leadership over men who have played in 25 or more games. Hornsby's average including games of Wednesday is .413 against .415 a week ago and .417 two weeks ago.

Following Hornsby is Mellenry, another St. Louisian, who has a mark of .381.

Other leading batters: Johnston, Brooklyn, .371; Schultz, St. Louis, .368; Snyder, New York, .360; Cuthaw, Pittsburgh, .352; Maraville, Pittsburgh, .351; Barbare, Boston, .348; Grimes, Chicago, .348; Hargrave, Cincinnati, .347.

Butler, of Kansas City, is forging well to the front among the batters of the American Association and leads the hitters who have played in 25 or more games including contests of Wednesday. His average is .458. Hauser, of Milwaukee, did some good hitting during the week and replaced Bunny Brief, of Kansas City, as runner up. Hauser's mark is .422 while Brief is third with .412.

## SAYS HITTING IS SPOILING BASEBALL

(By Associated Press)

Chicago, June 4.—Heavy hitting is spoiling baseball, Manager Johnny Evers of the Chicago Cubs, believes.

"The hard hitting is making life miserable for the infielders and spoiling the game," said Mr. Evers. "The balls come down to the players so fast that there is a great danger of a man getting hurt and the players can't afford to take the chances they used to take on bad boppers."

"Unconsciously the infielders are getting into the habit of turning and fielding the ball sideways so as to avoid a possible accident, for they know the balls are hit so hard now that a bad hop into the face would result in a broken jaw."

"Half a dozen players have been hurt already this season by being hit by batted balls and some of them were injured so badly that they were out of the game for many days."

"The clean fielding of a few years ago is impossible. They say the ball isn't any livelier, but it must be or it wouldn't travel so fast."

"Pulling an infield in to cut off a runner at the plate when a man is on third with none or one out is almost suicide now. When that close to the batter, the infielder is just trusting to providence that he doesn't get hurt."

## STAMP MAY SPRING AN INSANITY PLEA

(By Associated Press)

Louisville, Ky., June 4.—Walter P. Stamp, charged with the murder of W. Russell Smith, today reiterated his innocence. He told the jail guards that he believed Russell was murdered by some person who was in love with Mrs. Stamp. He said he had a surprise to spring at the trial, but refused to discuss it.

Meanwhile the theory is advanced by the police department that Stamp is laying the ground work for an insanity plea. Police Captain Cunningham stated today he learned Stamp began destroying photographs of himself and letters three weeks ago. He indicated he believed Stamp has planned the deed for weeks and was meanwhile rehearsing an alibi.

## VOLSTEAD BUSY ON BEER QUESTION

(By Associated Press)

Washington, June 4.—Chairman Volstead, of the House Judiciary Committee, announced today he would ask the Rules Committee early next week to give right of way to his beer bill so that it might be called up quickly. Volstead said the committee was anxious to make it a law before the internal revenue had a chance to put into effect the fuling of former Attorney General Palmer that the enforcement act did not prohibit the use of beer by physicians' prescriptions.

## WOMEN PACIFISTS START FOR VIENNA

Miss Jane Addams Heads Delegation Which Leaves for Peace Confab in Austria

(By Associated Press)

New York, June 4.—The advance guard of the American delegation to the annual convention of the Woman's International League for Peace and Freedom will be held at Vienna, July 10 to 15 sailed today on the steamer Nieu Amsterdam for Europe.

The delegates in this group are Miss Jane Addams, Dr. Alice Hamilton, Mrs. C. Kolm, Miss Dorothy North and Miss Mary Smith, of Chicago, and Mrs. Florence Kelley, of New York. New York women were hosts at a banquet to Miss Addams and her companions last night.

The United States will be represented by 20 delegates, and 10 alternates. The Woman's International League for Peace and Freedom has branches in practically every civilized nation.

Miss Addams, of Hull House, Chicago, is the international president and will preside at the sessions. Miss Mabel Kittredge, of New York, president of the United States branch of the organization, will take a prominent part at the congress.

Special arrangements have been made to provide an adequate food supply for the American delegates, for although food, at present, is not reported scarce in Vienna, money to purchase it is not easily obtainable. Therefore, each delegate and alternate has remitted \$10 in advance to cover the cost of food supplies while in Vienna.

The convention meetings will be held in Musikverein Hall which has a seating capacity of 2,000 persons. Numerous interpreters will be assigned to the convention.

The program will include such topics as "Education is the Way to Peace," "Efforts Against the War Animosities," and "Revision of Treaties."

## NORMAL DEFEATS PAINT LICK TEAM

Eastern added Paint Lick's scalp to her already crowded belt by defeating the Garrard county team at the local yard Friday by a score of 19 to 1.

Sam Reid pitching for Normal, held the visitors to four scattered hits while his teammates slapped the horsehide to all corners of the lot. He held the enemy safely at all stages of the game. He had fine control, walking only one man and fanning ten.

The Normalites went through the entire game without making an error. This is the first time they have accomplished this feat during the season. Fox lived up to his reputation as being a good foul chaser by going through the crowd to pull one down. His peg to Mainous to catch Davis who had taken too big a lead was almost perfect and the man was retired. Goodman made a nice running catch in the seventh.

A tight game was expected. Paint Lick having beaten Lancaster by a large score, while the Normal won from the same team by only three scores in the latest contest.

Combs led Eastern in hitting. He set a new mark for the boys to drive at, having made six hits in as many times up. Two of these went for extra bases, a double and a triple. Gray also connected for a double and triple.

This team has been developed into the best that has ever represented Eastern Normal. Coach Hembree has wrought wonderful changes in the playing of every member of the team. You will have to go a long way to find a better team or coach in these parts of the country. Here's hoping that all return to the fold next season. The score:

## BILIOUS CHILDREN

**Black-Draught, Long in Successful Use, Praised by an Arkansas Mother, "Soon Does Its Work."**

Marmaduke, Ark.—Speaking of Theodor's Black-Draught, which from long use in her household has become regarded as "the family medicine," Mrs. Mary E. Hill, of Route 1, this place, says:

"When the children get bilious, I give them a couple of good doses, and when we have sour stomach, headache, or any liver or stomach trouble, we use Black-Draught. It is an easy laxative, and soon does the work. I certainly think it is one of the best remedies made."

Black-Draught acts on the jaded liver, gently, but positively, and helps it in its important function of throwing out waste materials and poisons from the system.

In thousands of households Black-Draught is kept handy for immediate use in time of need. Prompt treatment often is half the battle, and will often prevent slight ills from developing into serious troubles.

Its well-established merit, during more than 70 years of successful use, should convince you of the helpful effects obtainable by taking Black-Draught for liver and stomach disorders. Get a package today, and keep it in your house. See that the package bears the words "Theodor's Black-Draught." NO. 141

IN THE MOVIES

One of the most thoroughly worthwhile productions seen in Richmond this season is "The Kentucky Colonel," which is showing at the local theatres today. This is a National Film Corporation picture, featuring Joseph J. Dowling, the famous character actor whose impersonation of the Patriarch in "The Miracle Man" won for him the title "The Miracle Man of the Screen."

Princess Jones did not mean to pose as a princess of the blood. She was a normal and healthy minded American girl in humble circumstances, but thought she should do something to live up to the romantic name her mother had given her. She did not dream what amazing adventures she was to have.

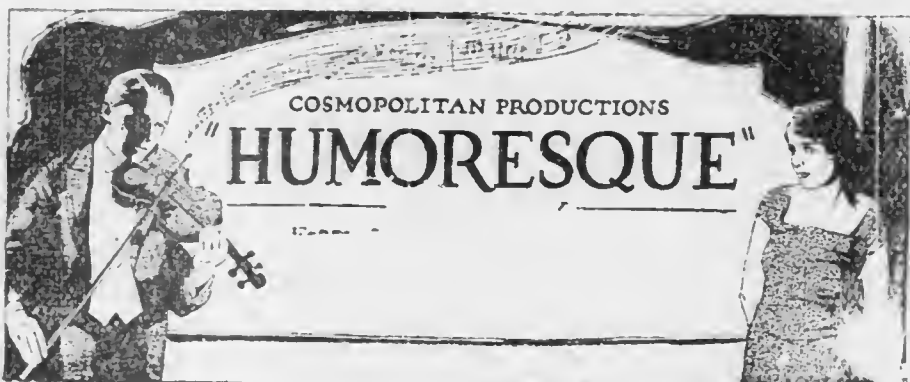

The story is told in "Princess Jones," by Joseph Franklin Poland, a Vitagraph production starring Alice Calhoun. It will be shown at the local theatres Monday.

Vera Gordon, the actress who makes such a tenderly appealing figure of the mother in "Humoresque," was engaged to play the role as the result of a lucky coincidence. Miss Gordon is an enthusiastic traveller and has explored every corner of the globe. She combines business with pleasure, accepting theatrical engagements abroad in order to become acquainted with foreign lands. In this way she has become mistress of six or seven different languages and is at home in Vladivostok or New York.

"Humoresque" will be shown at the local theatres Tuesday and Wednesday.

Remains Arrive Tonight

The body of Virgil Highland will arrive on the L. & N. train tonight with military escort. Funeral services Sunday at 2 o'clock at the grave with full military honors.

PLAYING HIS LAST GOODBYE----

The night before he had been a great musician, playing to rapturous thousands. . . . Now he was just plain old mother's "baby" playing to her and—the girl he loved. Perhaps he would play no more—perhaps not see them again. So he played "Humoresque"—that laugh on life, with a tear behind it, and was gone. . . . Where? . . . Why?

## This is the Way to Make Every Buy a Bargain

BUY ADVERTISED GOODS. Only good goods, fairly priced, can stand the spotlight of publicity.

A merchant or manufacturer would not dare to advertise merchandise that is poor in quality, poor in make or that will not give reasonable wear. The penalty of such tactics is too heavy. No goods—and no business concern—can thrive under the weight of public condemnation.

A merchant places the whole reputation of his business at stake every time he advertises. Naturally enough, he is careful of what he says and when his statement is placed in the newspaper—where all in town may read—so that any untruth in it will be known to all of his employers and most of his friends—then you may be sure he is doubly careful.

When you buy advertised goods you get a bargain because they must be as advertised.

So it pays you to read advertisements. Advertising protects you.

Read the advertisements in the Daily Register and get the best of the bargain.

## TOBACCO BLUE MOLD DISEASE

Has Not Destroyed Crops of  
Florida and Georgia Shade  
Variety, After All

Statements reported to have been circulated in the press and in the tobacco trade to the effect that the Florida-Georgia shade tobacco industry has been destroyed by the tobacco blue mold disease, which recently appeared in that region, are pronounced by the United States Department of Agriculture, in a statement issued at Washington, to be entirely without foundation. The disease which so far as known was first observed on commercial plantings in this country early in this season in the Gadsden-Decatur district and aroused such apprehension among the growers there at that time has been under investigation by specialists of the Bureau of Plant Industry since late in March of the present year. The infection in the seed beds was distinctly threatening and the same condition existed in a considerable number of the shade fields for several weeks. Since about the middle of April growing conditions in the region have been favorable for the development of the crop, and adverse to the spread of the disease, so that its attacks have been substantially confined to the lower or sand leaves and are estimated at not to exceed 5 per cent of the crop in the affected areas. Advances to May 27, indicate the crop is making rapid, luxuriant growth, showing little insect injury, with little probability of spread of blue mold later in the season.

The department is informed that statements have been made to the effect that this disease will spread on tobacco in storage and that even leaves which may mature without visible infection would be unsuitable for use. There is no foundation for such statements as the disease does not spread on harvested and cured tobacco. Clean leaves are in all respects normal and suitable for wrapper use.

Reports that the blue mold disease has appeared in Connecticut, North Carolina, or other districts, are not true, so far as the department has information, nor has the disease appeared in the Madison or Dade City districts of Florida, nor in southern Alabama.

## MISS LAURA CLAY TALKS TO GRADUATES

Miss Laura Clay of Richmond and Lexington, delivered the commencement address to the graduates of Magistrate Hall at Versailles, this week, which will be of interest to many here. The Woodford Sun said of it:

Those who make it a habit to attend the commencement exercises at Marget Hall each year, notice with pleasure the increasing beauty of the surroundings. As ivy covers more of the walls, as the beautiful hedge thickens and the shade extends further year by year over the ample lawn, there is formed a background of ever greater charm for the lovely young girls who at commencement time appear like a cluster of roses surrounded by greenery.

Tuesday morning's commencement exercises were simple and charming, and were rendered particularly notable by a fine address from Miss Laura Clay. We wish we could publish all of it, but we can only refer to a few points. Miss Clay gave her testimony to the fact that this world is a much pleasanter place for women to live in than it was fifty years ago, but remarked, with dry humor, that she didn't know whether or not the men found it so. She called the attention of her youthful hearers to the fact that when young people start out in life they often value themselves too highly and that when they come to realize their comparative insignificance there is danger of self confidence. She told them in entering the larger school of life, they were entering a place where they would be impartially judged, and urged upon them the great value of common sense and an intelligent conscience.

The bestowal of the certificates by Bishop Burton, so beloved by all our people, added much to the pleasure of the occasion.

Judge G. Murray Smith is at Martinsville for a few days.

Legion of Siberia. He remained with the Legion through varying fortunes and vicissitudes until its total collapse, when only 870 men survived.

Mr. Convis was peculiarly fitted to serve among Slavic peoples because of his long study of Polish as well as Russian peasants and upper classes, both in America and in Europe. Their ambitions, impulses and reactions he interprets with fidelity and sympathy.

An interpretative recital by Katharine Ridgeway will be a delightful feature of the coming Redpath Chautauqua program. Miss Ridgeway's exceptional art has been recognized and

When building her programs she displays an unfailing instinct for fresh and thoroughly entertaining material. Wit and fancy, power and pathos, spirit, dash and charm, all stamp her work with the impress of genius. This season the presentation of two one-act plays will be a feature of her program.

Miss Ridgeway is a southern woman of distinction and charm, whose whole soul is in her work and marks it with a striking individuality.

"The Perils of Democracy" will be the subject of Dr. Frank L. Loveland's challenging address at the coming Redpath Chautauqua. His lecture is the

culmination of thorough investigations, both in America and in Europe.

Into all of his utterances, Doctor Loveland injects an intense patriotism based on a sturdy Americanism and a sanity of vision that are stimulating and refreshing.

Doctor Loveland is so fired with his theme, and is so thoroughly the embodiment of that theme that he stirs the hearts of his hearers to new pride in the past and new faith in the future of America.

Doctor Loveland's lecture fills a genuine need in these days of baffling social and economic unrest.

## \$25 OFFERED FOR STATE FAIR BANNER

(By Associated Press)  
Louisville, June 3—When the official banner of the Kentucky State Fair is unfurled in 1921, it will bear the name, as designer, of some Kentucky school girl or boy. Who that girl or boy will be will be decided by Miss Addie Ditto, head of the woman's department of the State Fair; Garney Cross, secretary; W. C. Hanna, Commissioner of State Department of Agriculture, and members of the State Fair Board at the close of the 1921 fair.

The contest is in the hands of Miss Ditto. All banners submitted are to be entered in the 1921 State Fair Art department, a branch of the women's department. Every boy and girl in public, private and parochial schools in the state is eligible. The prize is \$25 in cash and the honor of designing the official state fair banner.

In addition to the \$25 given the designer of the official design, prizes also will be given by the women's department to the designers of the most artistic, most beautiful and most colorful designs. The two awards are entirely separate.

"The banner most fitted as the official one, might be outpointed on its merits as an artistic design," said Miss Ditto. "Of course, it is possible the art judges might select the same banner for the first art prize as that chosen by the State Fair for the \$25 award, but I believe this to be unlikely. A banner that is a first prize winner from an artistic standpoint, in all likelihood might be entirely unfitted as the official banner of the fair."

The present official banner has on it the head of a bull, a horse, a sheaf of corn and a pumpkin.

Miss Ditto is now at the State Fair headquarters, Republic Building, Louisville, arranging details for the exhibition in her department.

## TEACHERS WILL GO TO SCHOOL

(By Associated Press)  
Frankfort, Ky., June 4—Now that the boys and girls who have been under the watchful eye of the teacher for the last nine months, are out of school for 12 weeks, teacher will go to school. Beginning Monday teacher will become the pupil for the next five weeks in sixty or more schools.

As an aid to teacher in storing up knowledge to be imparted to youthful brains, the special schools were established by the various county boards of education. The reason was that statistics showed that Kentucky had 13,000 school teachers who were not equipped with the education to meet the requirements of the new school laws.

The schools for teachers will open at 8 o'clock each morning and run until 3 p. m., with one hour for luncheon and two ten-minute recesses each day. School will be held six days weekly.

The schools will teach various professional subjects needed by Kentucky teachers in addition to penmanship, spelling, physical education, reading, mathematics, English, history and civics, elementary Latin, physical geography, physiology and agriculture.

Besides the individual schools for individual counties, special courses have been arranged at two state normal schools and the University of Kentucky. All of the schools are under the supervision of the extension department of the three institutions for higher education.

Mr. Vernon Coleman Isbell visited his aunt at Cottonburg Saturday night.

Several people from this place attended the decoration at Salem church Sunday. Judge W. K. Price and Mr. O. P. Jackson made two splendid speeches. All enjoyed the day.

Mr. and Mrs. Ben Broadbts are the proud parents of a baby girl, born May 22 weighing seven pound. The little lady has been named Helen.

Mr. and Mrs. Everett Perkins visited Mr. and Mrs. Geo. Perkins Sunday.

The storm damaged lots of crops in this vicinity, washing ground badly and blowing down trees. It was a great damage to this community.

# JUDGMENT

A financial institution cannot be judged by the volume of deposits alone—or by its dividends to stockholders.

There are higher standards of service than these—the standards of service rendered in the development of the community—agricultural, industrial, commercial, civic.

This bank undertakes to maintain its service to its customers and its community on the highest possible plane. It is because of this that, years ago, it joined the **FEDERAL RESERVE SYSTEM** to make sure that its patrons enjoyed every protection and every facility; it is because of this that it maintains a surplus of \$55,000 and that it provides every modern equipment.

This bank likes to be judged on the basis of its service to Richmond and Madison County.

Kovno, Lithuania, June 3.—Dr. Sasmir Grunus, president of Lithuania, wants an American consulate to be located in Kovno, regardless of whether the American government recognizes the republic of Lithuania. "In Lithuania," said the president, "there are hundreds of persons desiring to emigrate to America. At present, because there is no consulate here, it is necessary for them to go to Riga, to apply to the consulate there for visas."

**Live Trade Paper Highly Endorses Local Publicity**

In the April issue of the Zenith we find the following:

"In 1920 the advertising bill in the United States newspapers totaled nearly \$600,000,000.

"Many merchants, because they are the only dealers in the community think that advertising is a useless waste and expense. 'Why spend money advertising when the customers have to come to me, anyway?' they argue.

"The only time a customer must buy from his local store is when the mails can't reach him, and mail order business is out of the question, or when a customer is in immediate need of some article and must have it without delay.

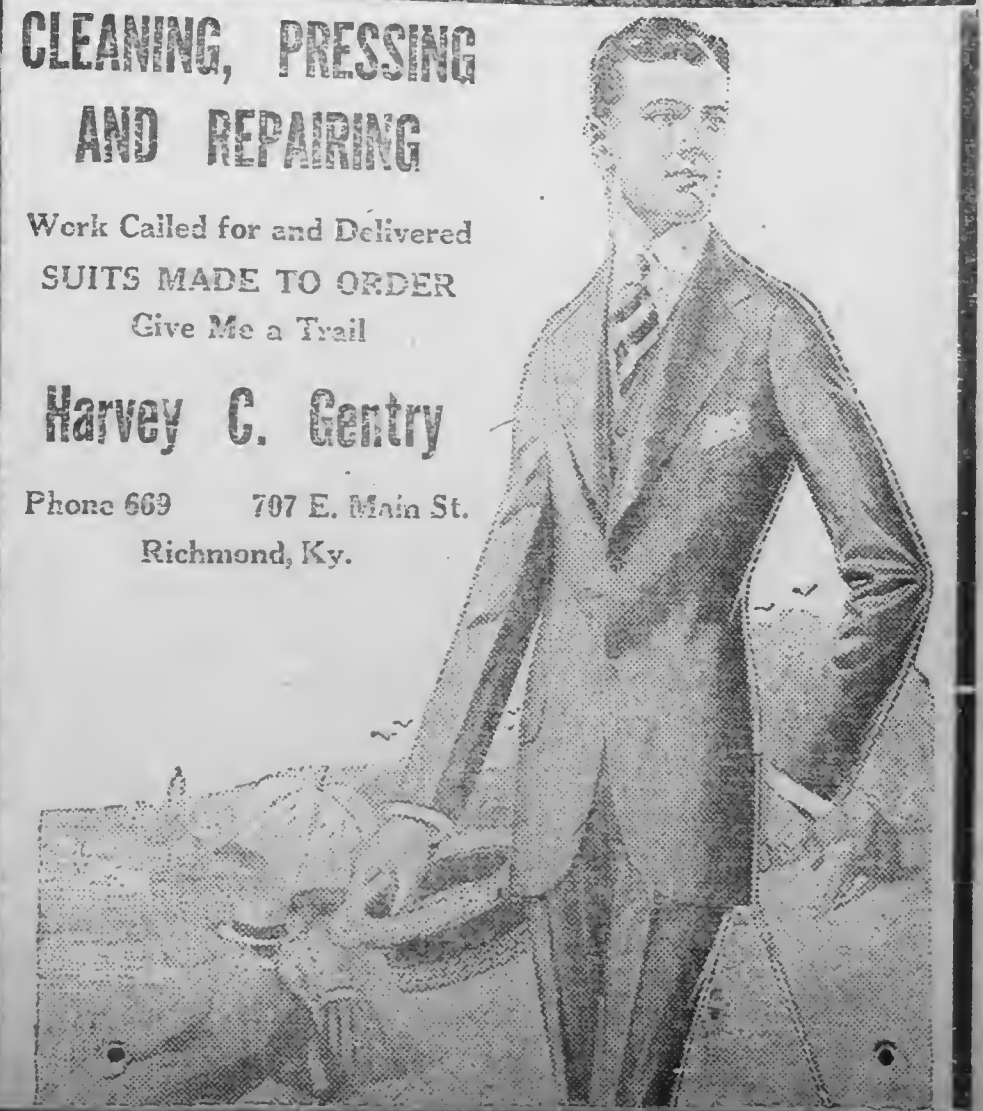

"The dealer with the mighty weapon of newspaper advertising creates new customers, awakens demand and creates good will. The purpose of advertising is not alone to sell goods the customer needs, but to create needs."

## MINNEAPOLIS HAS BITTER MAYOR RACE

(By Associated Press)

Minneapolis, Minn., June 4.—One of the most bitterly fought mayoralty contests in the history of this city will come to an end June 13, when voters of Minneapolis will elect either Colonel George E. Leach or Thomas Van Lear, as the city's executive. Not since the last general election in November has there been such strenuous campaigning.

Mr. Van Lear, mayor of this city four years ago, and endorsed this year by the Working Peoples' Nonpartisan Political League, and the local Trades and Labor Assembly, led his four other opponents in the primary election May 9, his nearest competitor being Colonel Leach, who trailed him by about 7,000 votes in winning the other nomination.

Colonel Leach, commander of the 151st Field Artillery, was selected in April by an unofficial republican convention to make the race against what the convention termed "radical" candidates.

T. H. Coldwell, also a republican, but opposed to the convention plan, remained in the race, but ran third.

Outstanding in the election was the placing on the ballot and strength shown by Labor and Socialist candidates running for the city council and other municipal offices. Although elected four years ago on the Socialist ticket, Mr. Van Lear has quit that organization and since then been identified with the Nonpartisan League. A socialist nominee for mayor, put up against Mr. Van Lear, polled few votes.

The campaign has been marked by numerous verbal clashes between the nominees, the Van Lear forces charging Leach with being the "tool of the republican gang" and the Leach adherents attaching radical appellations to Van Lear.

Mr. C. B. Doty and Thomas Biggerstaff are at home from Knoxville, Tenn., where they have been attending school at Knoxville College. They report a most successful year.

Mr. Lawrence Hogans who has been making his home in Detroit, for the past three years, is at home visiting his parents Mr. and Mrs. James Hogans on First street.

Mr. and Mrs. Walker Tavis are rejoicing over the arrival of a fine boy, who has been christened Charles William.

Miss Kittie Hatton who was accidentally shot by her brother a week or so ago, is resting nicely.

Miss Lena Belle Ballew is at home again after spending a week visiting her aunt, Mrs. Lena Belle Ballew.

Mrs. Nannie Evans who has been quite ill for the past two weeks, is reported as somewhat improved at this writing.

The Literary Club had their poll tax for general municipal purposes for said city for the year 1921-1922 of \$1.50 upon every male citizen over 21 years of age of said city.

And a penalty of ten per cent and also interest at the rate of 6 per cent per annum, shall be added to and collected on all taxes unpaid after November 1, 1921.

That the excess in any of the above funds not otherwise appropriated, if any arises, shall be turned back to the General Fund.

L. P. EVANS, Mayor.

Attest: W. E. Blanton, City Clerk.

Be it ordained by the Mayor and Board of Council of the city of Richmond, Ky., that an ad valorem tax levy for the city of Richmond, Ky., for the fiscal year beginning July 13, 1921, and ending June 30, 1922, be and the same is hereby fixed at One Dollar and Eighty-five cents, on each One Hundred Dollars worth of property within the city of Richmond made taxable by law, divided as follows:

That there be and is hereby levied for educational purposes for the 1921-1922, an ad valorem tax of 72 cents on each \$100 worth of property within the city of Richmond, made taxable by law, poses not to exceed the budget of the School Board, the excess, if any arises above said sum, to be turned back into the General Fund.

That there be and is hereby divided for School Bond Sinking Fund purposes for the year 1921-1922, an ad valorem tax of three cents on each \$100 worth of property within the city of Richmond made taxable by law.

That there be and is hereby levied for Street and Sewer Bond Sinking Fund purposes for the year 1921-1922, an ad valorem tax of 35 cents on each \$100 worth of property within the city of Richmond made taxable by law.

That there be and is hereby levied for General purposes for the year 1921-1922 an ad valorem tax of 75 cents on each \$100 worth of property within the city of Richmond made taxable by law.

And there shall be a head or

closing meeting with Miss Millie Embury, Friday, May 27. A very enjoyable afternoon was reported by those present. Quite a number of visitors were present.

Mrs. Hugh Willis spent the week-end in Lexington with Miss Sallie Phelps.

Mr. and Mrs. Hugh Willis entertained Sunday in honor of Misses Sallie and Fannie Mae Phelps, and Miss Jessie Bennett and Mr. Wm. Broadbush, of Lexington.

Members of the Board of Education and the Phoenix Amusement Company visited Russell School Wednesday. Miss Talbert teacher of the culinary art, and the girls of the eighth grade served a luncheon. The high school chorus entertained with a few musical numbers.

Miss Ward, of the Phoenix Amusement Company, responded with a beautiful solo.

**WHAT MADE THE CHANGE?**  
This Woman says Lydia E. Pinkham's Vegetable Compound Made Her a New Woman

Pittsburgh, Pa.—"Before taking Lydia E. Pinkham's Vegetable Compound I had bearing-down pains in my sides, stomach and back so badly that I could hardly stand up. I was white and very thin and nervous, had a poor appetite and only weighed 112 pounds. I took ten bottles without missing one dose and gave it a fair trial.

When I finished the last bottle everyone asked me what made the wonderful change in me. I told them about Lydia E. Pinkham's Vegetable Compound and I recommend it wherever I can. I give you permission to publish this letter to help suffering women as your remedies are a godsend and made a new woman of me."

Mrs. F. A. BAKER, 4749 Butler St., Pittsburgh, Pa.

Why will women drag around day after day, suffering from backaches, bearing-down pains, nervousness and "the blues," enduring a miserable existence when they have such evidence as the above that Lydia E. Pinkham's Vegetable Compound is a dependable remedy for such troubles. For nearly forty years this grand old root and herb medicine has been restoring the women of America to health and strength.
